Throughout their year of service, state officers will be expected to travel up to several thousand miles for state meetings, chapter visits, and other state association business. To be reimbursed for mileage, state officers need to submit mileage records due at the beginning of each month, detailing the previous month's travel. Officers will be reimbursed on a variable rate, based on total mileage of all the officers. Reimbursement will occur mid-year, in December, and in June, at the end of the year of service.

State Officer Materials

State officers will be given various materials to help make their year of service successful. Since state office requires a large amount of driving, each officer will be given a membership to the American Automobile Association (AAA) if they do not already have one. Also, to help in scheduling, each officer will be given a planner to use. Officers will also receive business cards for providing contact information. Each state officer will be given various workshop materials, including a portable flip chart, post-it notes, and various other items. State Officers will also be provided with a USB key for use during the year containing sample workshop planning materials and templates. Other materials that state officers may receive include thank you notes, inspirational books, conference t-shirts, etc. For Chapter leadership conference and activities held by the state association, the state office will make available markers, tape, pencils, scissors, paper, glue-sticks, post-it notes, etc.

Officer Dress

When representing the New Jersey FFA Association, officers are always expected to be neat and reputable as to not discredit the association. Official FFA dress is

required at all official FFA events, unless otherwise stated. When not in official dress, but at an official event, state officer dress should include khakis and a New Jersey FFA polo shirt. At the beginning of the state officer year, each officer will be given a New Jersey State Association FFA jacket and a New Jersey FFA polo. Also provided are State FFA degree chains and charms, if needed. Officers should always ensure their dress is clean and ironed to give a neat appearance.

Officer Correspondence

It is important for state officers to maintain relationships with those whom they meet throughout the year, including members, advisors, business leaders, school administrators, and government officials. Thank-you notes, notes of encouragement, and congratulatory notes are a must for state officers. State officers should send thank you notes to conference presenters and sponsors for SOLT, NLCSO, SPC, and BLAST-Off. After chapter visits, state officers should send thank you notes to chapters and any administrators they meet. Thank you notes should be sent within one to two weeks of an event. State Officers should be generous in sending thank you notes.

Team Communication

Communication among the state officer team and with state staff will promote the success of the state officer team. Each officer should check his or her e-mail and voicemail on a regular basis. Officers should strive to be in contact with state staff approximately once a week in order to receive help with work, highlight events they have attended, or address concerns they have. State officers should also strive to maintain open communication with their team prior to each month's state meeting.

SELECTION PROCESS

Selecting state FFA officers is a challenging process. The selection process is based largely on eight officer competencies (communication, team player, areas of knowledge, organization, character, passion for success, influence, critical thinking) which are evaluated by the state nominating committee. The state nominating committee is comprised of highly qualified FFA members selected from a pool of applicants. The state officer selection process is conducted in a way to ensure each candidate is evaluated fairly.

According to Article VII, Section A of the New Jersey State FFA Constitution,

"The elected offices of the New Jersey FFA Association, Inc. shall be a President, Vice President, Secretary, Treasurer, Reporter, Sentinel, and Parliamentarian."

Article IV of the New Jersey FFA Association By-laws states,

“All State Officer Candidates will be reviewed, evaluated and recommended for state office by a designated nominating committee, which shall consist of 6 delegates, two delegates from each FFA Region in New Jersey as stated in Article VII, Section A. The nominating committee process shall be coordinated and advised by the state executive committee chair, an alumni officer, or the State Advisor, and an additional state executive committee member when possible. The State Officers shall be elected annually from members holding the Garden State FFA Degree. A member may be an officer not more than two times. Once a member is elected president, he/she may not hold state office again, but may become chairperson of the executive committee. All state officers shall be elected annually by a majority vote of the delegates at the annual convention. In the case of an officer vacancy, the state executive board may reorganize its officer structure from existing officers. The state executive board may also fill any vacated position by opening an application process to all members who meet the minimum qualifications to hold a state office. Applications would then be reviewed by the board and positions would be filled by a majority vote.”

The New Jersey FFA Association Executive Board voted to transition to the National FFA Nominating Committee Process beginning with the 2006 State FFA Convention. More information on the national process is available at:

https://www.ffa.org/documents/no_selection_process_handbook.pdf

PREPARING FOR THE SELECTION PROCESS

The best way to prepare for the state officer selection process will vary with each candidate. Some will spend time memorizing flash cards, while others will be well-prepared simply reading from various sources. Regardless of how a candidate prepares, there are certain areas which a candidate should be knowledgeable about. Below are basic knowledge areas that every candidate should be comfortable with, however candidates should not be intimidated by the length of the section.

FFA Basic Knowledge

The role of FFA in Agricultural Education

In 1950, the 81st Congress of the United States, recognizing the importance of the FFA as an integral part of the program of vocational agriculture, granted a Federal Charter to the FFA. In 1998, the 105th Congress of the United States reviewed and passed technical amendments. This shows through the revisions as Public Law 105-225. Public Law 105-225 is a revision of Public Law 81-740 which reflects technical changes.

The FFA organization is one of three components of agricultural education. FFA is a tool to help teachers teach and students learn about agricultural education. It motivates students to excel in the classroom and in their supervised agricultural experience. Thus, the three components of an agricultural education program are classroom/laboratory instruction, supervised agricultural experience and FFA.

The FFA provides students with dynamic ways to learn about agriculture and leadership, as well as opportunities for self-improvement. Just as an agriculture teacher uses a classroom or laboratory to teach hydroponics or agricultural

mechanics, he or she also uses the FFA to teach leadership and motivate students to set high goals and work to achieve those goals. With this comes satisfaction and recognition for a job well done. The FFA is integral to the instruction having its origin and roots as a definite part of the high school curriculum in agricultural education. An outstanding FFA chapter, under the *guidance of an advisor (agricultural instructor)* and a challenging program of activities, enriches the instruction in agriculture.

FFA Mission Statement

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.

The FFA Vision

The National FFA Organization envisions a future in which, all agricultural education students will discover their passion in life, and build on that insight to chart the course for their education, career and personal future. The National FFA Organization collaborates with teachers, state leaders and others to deliver an integrated program of agricultural education which encourages students to explore opportunities, supports their discovery of natural talents and interests, and offers meaningful activities in which they can apply their skills and talents.

Values of the FFA to its members

- A. FFA creates interest in agriculture.
- B. Students learn to be leaders.
